Living Room

It’s a tidy living room,
living room, living room.
Big sofa, table, and chairs,
What a tidy room!

It’s a messy living room,
living room, living room.
Purple window, TV, and red doors,
What a messy room!

My Room

Look, this is my room. It has a window. I can see outside through the window. There is a desk below the window. I usually study at the desk. I have a lamp on the desk. I use the lamp when it is dark. Near the desk there is a small bookcase. I keep my books there. My room is not big but I like it.
